

Cordless freedom

Trolleys and mobile filling stations
with the new battery system | CAS
Cordless Alliance System

CEMO & CAS That fits.

Cordless Alliance System (CAS) a cross-manufacturer battery pack system of leading brands. Work cable-free, flexibly and safely with the mobile trolleys and filling stations from CEMO.

The advantages at a glance:

- compatibility for over 300 machines in the 18 V class
- sustainable battery technology
- highest reliability and high investment security
- Cost advantages through multiple use of existing batteries

One battery, many solutions.

The CAS partners are an association of generalists and specialists with a clear focus on battery-powered devices for professional applications. They are united by a spirit of innovation, high product performance and the common goal of making professionals independent of the power socket.

All partners and all information about the network can be found here:

CEMO Trolleys for Diesel and AdBlue® PG 4

TROLLEY FOR REFUELLING ON THE CONSTRUCTION SITE OR IN THE FIELD.

Polyethylene container with integral hand grip and carry handles, filler cap with integral vent and breather valve. With 3 m (60 l) or 3.7 m (100 l) dispensing hose and automatic nozzle.

Description	Flow rate submersible pump	Battery capacity	Max. pumping capacity per full charge (Litres)	Dim. in cm (l x w x h)	Order no.
Battery and charger included					
					
Diesel trolley 60 l with submersible pump CENTRI SP 30	30 l/min	2 Ah	360	90 x 53 x 38	11597
Diesel trolley 100 l with submersible pump CENTRI SP 30	30 l/min	4 Ah	720	100 x 59 x 43	11598
Trolley for AdBlue® 60 l with submersible pump CENTRI SP 30	25 l/min	2 Ah	300	90 x 53 x 38	11599
Trolley for AdBlue® 100 l with submersible pump CENTRI SP 30	25 l/min	4 Ah	600	100 x 59 x 43	11600
Without charger and battery – use your own standard CAS battery
